Factory Profile

PRODUCTS

Company Profile

AGVA Corporation Limited is a leading global manufacturer of lifestyle bags and accessories predominantly in the consumer electronics industry - laptop bags, backpacks, hard drive cases, GPS cases, off-the-shelves multi-purpose pouches, etc.

Established in Singapore in 1983, AGVA quickly gained strength with our original design manufacturing capabilities and strong product development team.

EXTENSIVE PRODUCTON CAPABILITY

At the heart of AGVA's manufacturing capability is its 380000 square feet factory in Dongguan, China, consisting of 900 workers. We supply products direct to major retailers globally. Strict quality controls and procedures are instilled in every part of the supply chain, enabling us to meet strict factory audit requirements from our customers.

STRICT QUALITY CONTROL , RELIABLE PRODUCTS

AGVA's manufacturing operations adopt a Total Quality Management System in accordance with ISO 9001 requirements. This system is implemented across all stages of the production process, from product design to fulfillment.

DEVELOPMENT

Our specialty is in softline cut-and-sew bags and tablet case automation. We provide a fully-integrated product service to our customers. With 60 people strong in-house design and product development team, we are able to generate new products from concept to packaging and support our customers on an ODM/OEM basis.

Quality Testing Equipment

AGVA's manufacturing operations adopt a Total Quality Management System in accordance with ISO 14001:2004 requirements. This system is implemented across all stages of the production process, from product design to fulfillment.

REACH REGULATION concerning the Registration, Evaluation, Authorization and Restriction of Chemicals

ISO9001 : 2008
Quality management systems — Requirements

 **BSCI** An initiative of the Foreign Trade Association (FTA)
Business Social Compliance Initiative

ISO14001 : 2004
environmental management system

- ROHS testing machine
